

**All providers/facilities/organizations are listed in alphabetical order. Please note that this list may not be comprehensive.**

The following is a list of NYS providers who offer in-vitro fertilization (IVF) for couples requiring this technology to achieve a pregnancy. It is important to recognize that many infertile couples do not need IVF to become pregnant; many can be treated by other means (surgery, Clomid, intrauterine insemination) and have success.

For couples wishing to utilize an egg donor, an IVF center may also be a resource. It will be important to contact the center you choose to determine whether this is an option.

Advanced Fertility Services  
1625 Third Avenue  
New York NY 10128

This directory is part of a series of lists of New York State providers (and other states where appropriate) who offer services that may be of interest to women or men hoping to bring a child into their lives. Please note that these lists are not comprehensive, nor does Infertilityeducation.org or Ferre Institute offer assurance or warranty for any of the providers listed.

We hope you find these directories useful. Please feel free to contact us with additions or edits to our list and we would be glad to review.

To find out more about NYS laws regarding insurance coverage and information about grant programs which provide funding for certain infertility treatments, please see the NYS Insurance Law Fact Sheet at [www.infertilityeducation.org/services.php](http://www.infertilityeducation.org/services.php).
